**ATA MEMBERSHIP BENEFITS UNIT MEMBERS**

You have joined an ATA Unit or Affiliate because it has certain benefits for you. Perhaps it relates to your collecting interests. Perhaps you enjoy the sociability aspect of the meetings and undertakings of the unit. You can no doubt think of many reasons why it is a good experience for you. Your unit is an affiliate of the American Topical Association and this relationship provides benefits as well. Each month, Unit activities are publicized under the heading 'Units in Action' in *Topical Time*, the journal of the ATA. Others read about these activities and are persuaded to join the Unit that deals with a subject that appeals to them. This publicity leads to an increase in membership in the Units.

Likewise, many additional benefits await those who join the ATA. One very nice benefit is that you will receive every issue of *Topical Time* where you can read about all of the Units and their activities. Membership gives you access to nearly 500 checklists, over 80 handbooks, numerous slide shows and DVDs, a translation service and a membership directory that allows you to conveniently get in touch with other people with similar collecting interests. Soon to be available to ATA members will be a website whereby members will be able to buy, sell or trade stamps online at no charge. Keep in mind that your membership in ATA makes ATA a stronger umbrella organization. This is important when it comes time to sell your topical collections as ATA promotes the resale value of your collection. Many other benefits will be realized when you join the ATA. Details or a membership application can be obtained by writing to the American Topical Association, P.O. Box 57, Arlington, TX 76004-0057, by phoning (817) 274-1181, or by e-mailing [americantopical@msn.com](mailto:americantopical@msn.com)
