

ORNITHOLOGY

Editor

Glenn G. Mertz, BU1455

Updates/Corrections

ANDORRA (French) - Vol. 59(3), p.89

Correction: The correct name should be “Eurasian Griffon,” not “Griffon Vulture.”

ARUBA - Vol. 60(2), p.55

Correction: Sc#365b, listed as “Yellow-shouldered Amazon,” should actually be “Yellow-shouldered Parrot.” The scientific name *Amazona barbadensis*, as listed, is correct.

ASCENSION - Vol. 60(1), p.15

Correction: Change genus name to *Serinus* from *Crithagra*. The species name is correct.

AZERBAIJAN - Vol. 48(2), p.84

Update: On 30 November 1995, this country issued smaller formats of prior issues with three larger values. One of the three values was missed. Add the 1000m value (Sc#545) Caucasian Grouse, *Tetrao mlukosiewieci*.

BAHAMAS - Vol. 58(3), p.82

Update: I originally listed Sc#1272, the \$0.15 value stamp, as a Greater Antillean Oriole, *Icterus dominicensis*. The stamp had the name Bahamas Oriole, *Icterus northropi*, which was a subspecies of the Greater Antillean Oriole. The subspecies has been upgraded to a full species with the name Bahama Oriole, *Icterus northropi*.

BELARUS - Vol. 59(4), p.137

Correction: Sc#719 should be “Eurasian Kestrel,” not “Common Kestrel.”

BOLIVIA - Vol. 57(4), p.149

Correction: The correct species spelling for Sc#1340 is *pentlandii*, not *pentlandiki*.

BOTSWANA - Vol. 59(1), p.17

Correction: Sc#880 has an incorrect genus name. It should be *Phoenicopterus*. Sc#881 has an incorrect species name. It should be *regulorum*.

BRAZIL - Vol. 60(1), p.17

Correction: Sc#3098d should be a “Yellow-billed Blue Finch,” not listed just as a “Blue Finch.” The scientific name is still correct as listed.

IRELAND - Vol. 60(1), p.22

Correction: Correct the catalogue number to Sc#1906. Sc#1904 is incorrect.

GREAT BRITAIN

I periodically purchase bird sets from a dealer in Great Britain when the new issue dealers here in the United States that I do business with do not deal with certain countries, or have sold out of an issue I am looking for, cannot reorder, etc. When I receive my order, the outside of the envelope has what I call labels marked 1st Class and a picture of a bird on the right side of the label.

Linn's Stamp News recently had an article on these labels entitled "Post & Go." Another name is machine labels (framas). These "Post & Go" labels can be used with five denominations: First Class up to 100g, First Large up to 100g, Europe up to 20g, Worldwide up to 10g, and Worldwide up to 20g.

These Birds of Britain began **2011, September 17** with the following:

European Robin, *Erithacus rubecula*
 European Starling, *Sturnus vulgaris*
 House Sparrow, *Passer domesticus*
 Eurasian Blue Tit, *Cyanistes caeruleus*
 European Goldfinch, *Spinus carduelis*
 Common Wood-Pigeon, *Columba palumbus*

2011, January 24

Eurasian Blackbird, *Turdus merula*
 Eurasian Magpie, *Pica pica*
 Long-tailed Tit, *Aegithalos caudatus*
 Common Chaffinch, *Fringilla coelebs*
 Eurasian Collared-Dove, *Streptopelia decaocto*
 European Greenfinch, *Carduelis chloris*

2011, May 19

Mallard, *Anas platyrhynchos*
 Greylag Goose, *Anser anser*
 Common Kingfisher, *Alcedo atthis*
 Eurasian Moorhen, *Gallinula chloropus*
 Mute Swan, *Cygnus olor*
 Great Crested Grebe, *Podiceps cristatus*

GREAT BRITAIN (cont.)
2011, September 16

Atlantic Puffin, *Fratercula arctica*
 Northern Gannet, *Morus bassanus*
 Eurasian Oystercatcher, *Haematopus ostralegus*
 Common Ringed Plover, *Charadrius hiaticula*
 Great Cormorant, *Phalacrocorax carbo*
 Arctic Tern, *Sterna paradisaea*

These have not been cataloged or assigned numbers by Scott Publishing Company. I have checked the monthly Scott listing of newly assigned numbers to newly issued stamps under Great Britain and they are not listed—probably because they are labels and not stamps. And because they are not stamps, but labels, I do not believe these will be listed by Scott

GUINEA

This is one of those countries that Scott Publishing has not updated in their catalog since 2004. This country does not appear to be forthcoming about what issues they have authorized and it appears that Scott Publishing may be having a hard time getting any confirmation on stamp issues. Many issues have shown up the marketplace and what issues are valid or illegally produced for postage should make collectors wary. These issues of stamps with birds that I am listing here date back to 2006.
