| 1361 | 15c <i>Cardiophorus variabilis</i> Guerin-Meneville Label: <i>C. variabilis</i> , | ELA | Cardiophorinae |
|------|---|-----|----------------|
- This has been an identification problem for many years. It has variously been placed in Carabidae, Lycidae, Elateridae and unknown Coleoptera. Jose Reis of of Angola reports that entomologist Jean-Michel Maes of Nicaragua has determined that this is most probably the right assignment. Patrice Bonafonte of France and I agree. It took a global village and the internet to identify this one!

FAROE ISLANDS 2010, February 22.
