Jersey Sea Life

Europa stamps, bearing the official logo, are issued every year by the members of PostEurop, the trade association which represents the interests of European public postal operators. Each year a theme is set for members to interpret and illustrate on a set of stamps; in 2021 the theme is Endangered National Wildlife.

As an island, Jersey is both a home and a resting point for a multitude of bird and sea creatures. Six species of marine life that have been spotted in the waters and around the coastal area of Jersey have been featured across this set of stamps. The animals have been painted by natural science illustrator Sara Menon. The 54p and £1.05 stamps feature the Europa logo.

Printed by four color offset lithography in sheets of 10. The animals featured are the Atlantic puffin (54p), loggerhead turtle (70p), orcas (84p), bottlenose dolphins (88p), balearic shearwater (£1.05) and grey seal (£1.18). The date of issue is 11 March 2021.
