COMORO ISLANDS

The following stamp issues listed below were issued in 2009, and the last one is 2010. I'm listing these without Scott numbers because I have no idea when numbers will be assigned to these issues. These may eventually be legitimate issues or they may be listed as illegal issues. Only the postal authority of the Comores Island knows and issues from this country have not been listed as of late by Scott Publishing nor has Comores postal authorities made know the actual status of these issues to Scott Publishing, and maybe not to the other stamp listing companies, like Stanley Gibbons or Michel.
