UPDATES/CORRECTIONS

ANGOLA, V60(1), PAGE 15

UPDATE: At the time I wrote up the listing for this issue I indicated I had no advance listing of this set in the *New Issues* section of Linn's Stamp News. In Linn's April 25th, 2011 issue, it was now listed. The designer was H.D. Mesquita and the printing method is offset, but no listing of the printer for this issue.

In V60(1), Chuck Braun reported on taxonomic updates to the Clements Checklist of Birds of the World. Two corrections should be noted. The correct genus name for the Rufous-bellied Eagle should be *Lophotriorchis*. Chuck had it listed as *Lophotrioichis*. Also, the White-eared Parakeet is now the Maroon-faced Parakeet.

MEMBERS WANTS, SALES AND NOTICES

I have the following item for sale:

Malaysia: In 1965, Malaysia issued a uniform set of seven orchid stamps for each of the States. In 1970, several values from a number of the States were reprinted with sideways watermark. Judging by the Gibbons Catalogue, some of these are scarce. I have these complete for 5 States and missing a value for 4 States. Total catalog is £60! Anyone care to make me an offer?

I recently purchased a set of stamps from Ascension Island with the adults and eggs of various species depicted. Three of these had insects, which I needed for my collection, but the others I do not need. I am listing them below with a price representing my cost. If anyone would like any particular group, e-mail me at alan.hanks@sympatico.ca with your address and I will ship them post free. Then a cheque will cover the cost. US funds are about the same as Canadian at the moment!

4 birds, values £5, £2.50, 90p and 50p – cost US\$25
