Malaysia The various States within Malaysia issued a set of orchids in 1965 with seven values. Some
    values were issued later on paper with sideways watermark and I have a number of these. It
    is an incomplete set, as some of the 1c stamps are missing and Negri Sembilan also missing.
    Some of the values have a quite high catalog value and I would be interested in getting rid of
    what I have. Send an e-mail if you are interested in all or just particular States.
